## PRESS RELEASE

### **CARDINAL COMPONENTS, INC., OPENS DIRECT SALES, ENGINEERING, AND PROGRAMMING CENTER IN BANGALORE, INDIA**

---

---

**Wayne, NJ — February 7, 2011** — Cardinal Components, Inc., a world leader in the manufacturing of programmable oscillators, is announcing that K. Dinesh Bhoj has been appointed as Cardinal Components, Inc.'s Country Manager for India.

Mr. Bhoj received his Bachelor of Science in Electronics from Bangalore University. Mr. Bhoj has over fourteen years of experience in the Electronics Industry.

Cardinal Components, Inc., specializes in design development and manufacturing a broad range of timing devices, including, crystals, oscillators, TCXO, VCXO, OCXO, and resonators. Cardinal leads the industry in programmable oscillators, programmable TCXO, programmable VCXO, and programmable spread spectrum products.

Cardinal Components, Inc.'s Bangalore, India, location will become a programming center and will be able to service local customers with samples in 48 hours.

Opening the office in Bangalore completes Cardinal Component's initiative to address all the BRIC countries (Brazil, Russia, India, and China).

Cardinal has been supplying the finest quartz crystals and oscillators to the electronic industries in North America, Europe, and Asia since 1986.
